## Objectives

I am a motivated security analyst looking for an entry-level cybersecurity role where I can use my skills in network security, security policy, risk management, and backend development to protect organizational systems.

## Experience

**NATIONAL PETROLEUM AUTHORITY** (Plot, No, 6 George W. Bush Hwy, Accra)

**I.T SUPPORT NATIONAL SERVICE** (October 2023 – January 2025)

- Collaborated with a team of six to develop training for 10 regional offices on smart workplace application.
- Managed local and cloud video conferencing platforms (Zoom, Microsoft Teams) and internal PA systems.
- Secured network systems using FortiGate, reducing cyber threats by implementing access controls and usage restrictions.
- Utilized Kaspersky Antivirus to protect endpoints and enforce USB access policies.
- Administered Active Directory for permission management and resource access.
- Designed and maintained LAN and WAN connectivity for 14 offices, integrating VoIP systems to minimize costs.

**GHANA GEOLOGICAL SURVEY AUTHORITY** (HQ5X+F23 Box M80, 6 Mayor Rd Accra)

**I.T SUPPORT INTEN** (June 2022 – October 2022)

- Performed network troubleshooting and hardware repairs.
- Terminated and configured Cat6 cables for optimal network performance.
- Managed local and cloud video conferencing platforms (Zoom, Microsoft Teams) and internal PA systems.

## Education

### Coursera

**Google Cybersecurity professional Certificate** - (January 2025)

- ▶ Programming (SQL, Python)
- ▶ Network Security
- ▶ Linux line-command
- ▶ Security Framework, Controls, Design principles

### INTERCOM PROGRAMMING & MANUFACTURING CO. LTD. (IPMC)

**CERTIFICATE IN CYBER SECURITY** - (October, 2021 – February, 2022)

- ▶ Cryptography
- ▶ Digital Forensics
- ▶ Penetration Testing
- ▶ Cyber Law and Ethics.

### KNUTSFORD UNIVERSITY COLLEGE | EAST LEGON

**BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY** – (July, 20219 – November, 2023)

- ▶ Programming Fundamentals
- ▶ Cloud Computing
- ▶ Database Systems
- ▶ Cybersecurity
- ▶ Data Analytics
- ▶ Software Development
- ▶ IT Project Management.

## Certification

**CompTIA Security+** (Expected April 2025)

**Google Cybersecurity Professional Certificate** - Coursera (January 2025)

**Junior Cybersecurity Analyst Career Path** - Cisco Networking Academy (August 2024)
